

NAARVA**R24**

Felling head for tractors and agricultural cranes

Features

- Electricity free control
- Excellent loading properties
- Quick guillotine cutting, Ø 24 cm
- Easy to install, no additional hydraulics

Suitable for

- Harvesting energy wood and small wood
- First thinning
- Clearing bushes and road sides

Easy to mount and easy to use

Naarva R24 felling head goes to the place of a loading grapple. It can fell, cut and load trees. It does not require additional hydraulics or electricity. Sequence valves operate cutting and tilt function automatically. The cutting guillotine is maintenance free. Only maintenance required is greasing the nipples.

Model	H24
Weight	225 kg
Grapple opening	60 cm
Cutting	Ø 24 cm* 1,2 s**
Required pressure	170-200 bar
Required oil flow	40-70 l/min
Warranty	12 months or 1000 hours
Control	Grapple open / close function
Voltage	Felling head requires no electricity

* For hard tree species maximum cutting diameter is 30 % smaller ** Oil flow 70 l/min
